WELL DONE TO ALL!

September Update From Mrs Dingle

Welcome back and thank you to everyone for settling so quickly to the new school year and for some, different teachers.

We have had quite a few new children join our school this year and it has been lovely to see on the playground how everyone has looked out for them and made them feel welcome.

I also want to say a huge thankyou to you all for looking so smart, lining up so smartly and working so hard in the classroom. All our classrooms now have brand new interactive whiteboards, which I'm sure the children really appreciate! I know our staff do.

With regards to our school development, we have our first governors meeting on the 25th September with our new governing body and are really looking forward to working with them. Once this meeting has taken place and they have seen our school development plan I will happily be able to share the key areas with you. At this point I will also share our revised marking and feedback policy along with the revised behaviour policy. I have studied the feedback we received from the survey and have taken all the points on board. Thank you to everyone who completed this last year. Your input is invaluable and helps us to make improvements in all areas of the school. My intention is to vastly improve communication with parents and one way I will be doing this is to develop the website. This is an ongoing process, and I will let you know when information is available as the website is adapted throughout the year.

I am very excited about the areas of pupil leadership we want to develop. We have had elections for head of school representatives and the chosen candidates will be announced to the school on Monday. We are also appointing reading ambassadors, librarians, cloakroom monitors, sports leaders, new play leaders, school councillors and church councillors. This year the church councillors will be working with Jordan Lambert who will be supporting the children in developing the pupils in the school's knowledge around courageous advocacy. We will be working to raise money this year for the Trusts' chosen charities; the NSPCC and Cancer Research . At Yoxall we will be focusing on supporting the Toilet Twinning scheme; information on which can be found at <https://toilettwinning.org/>

Mr Draper remains unfit for work, and we continue to wish him well. The Trust continue to actively support the school and we are all feeling very positive about the year ahead.

Thank you for reading and I will issue another update at the end of this half term.

Kind Regards

Mrs K Dingle
Acting Headteacher
